

BEAT THE SUMMER HEAT

FANS

For health and safety as well as comfort, when the Texas heat hits hard, Airmaster Fans provide the cooling action necessary to keep employees happy and productive. Coastal Welding Supply carries a variety of fans, at each of our 10 locations, providing you just the right unit for your company's needs.

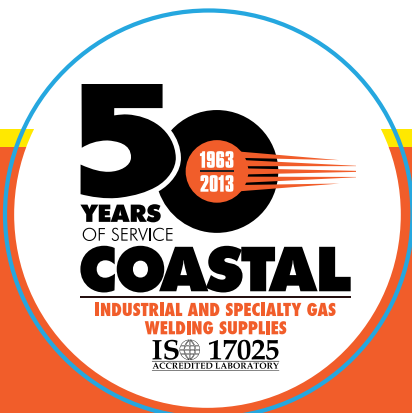

**ONLY \$323.40
PER PALLET**

WATER

High quality, value-priced drinking water. Now that's refreshing! Coastal Welding Supply offers customers cost savings and convenience with pallets of Niagara bottled water for pick up at each of our 10 locations or delivered to your job site. Each shrink wrapped pallet contains 84 cases of 16.9 ounce bottles/24 per case. To order call today!

DRY ICE

Coastal Welding Supply produces premium, long lasting dry ice pellets that are YOUR COLD SOLUTION TO SAVINGS during a power outage. Coastal Dry Ice can be used in many commercial and industrial applications; preserving food products, keeping computer servers cool and operating, providing safe storage for medical specimens and much more! Dry ice pellets can be purchased from 10 to thousands of pounds that can be delivered in various types of storage containers to minimize sublimation loss and keep the dry ice in its best condition.

Connecting with you. **EVERYDAY.**
